

## **ERRATUM.**

**I am afraid that in A LETTER FROM TODAY TO YESTERDAY I wrote that Lawrence Stenhouse's book, Research As A Basis For Teaching was published in 1985.**

It was actually published in 1975 and I shall always remember him talking to fellow masters degree students and as external examiner for my dissertation recommending that it be published.

So I would like to make this correction.

**Cliff Jones, 23th. November 2024.**
